

Extract from email to the chairman reference the Willows Footpath Hedge

Dear Mr Holdich

I am writing to you with regard to the hedgerow between my property and the public footpath from Welmore Road to Lincoln Road. I have been maintaining this hedgerow since building my home 13 years ago, I have always seen that it is the councils responsibility to maintain the footpath side but as a gesture of goodwill I have cut that side myself all these years. However due to my increasing age and the current environment with social distancing in place and the narrow footpath which does not allow for the 2 Mt guideline. I am unable to continue this work. Can this maintenance in future be adopted by the parish council. I will be very happy to meet you should you feel the need to do so.

My mobile phone no. Is 07939255459

Yours faithfully

Stewart Badger
